increase in the number of cases of robbery, and this season is apparently not to be an exception to the rule. Three such cases have been reported to the Police since Saturday night. In each of them there is an element of mystery. Early on Sunday morning a desk in the Mesonic Club was opened and money amounting to between three and four hundred dollars stolen. Later in the morning an empty dispatchbox was found lying on the Praya, which it was suspected had been thrown away by a thief after its contents had been appropriated. On the box were painted the words 'City Hall Committee,' and it was at first suspected that it had been stolen from the place named. On inquiry, however, it there. In Kili there were several whalers, was found that it had been taken from the office of Mr H. L. Dennys, solicitor. The thief had appropriated several articles that were lying in the office and his plunder, including about \$70 which the box contained, amounted in value to about \$100. In neither of these two cases was there any indication of how the thief had gained access to the premises. Last night a cheque, which had been taken away with the money from the Masonic Club, was handed to a police officer in Queen's Road by a ricksha coolie who said he picked it up near No. 5 Station. The third case of robbery occurred last night or early this morning at No. 4 Belilios Terrace. Mr Europeans and 1,833 Chinese visited the of a German Company, which will have Gubbay, who resides there, had in his bedroom a dispatch-box containing \$177. The box was locked and the key, which was attached to Mr Gubbay's watch-chain, was placed under his pillow. About five o'clock Mr Gubbay was awakened by his boy, who said he had found the box lying open in the dining room. The gold watch and chain, with the key of the boxattached, were still under the pillow, ment at \$12.50 per ton. From an in- though, (Mr Gubbay states), not in the same place as they had been laid in on the previous night. The box was empty, and no sign of the house having been broken into could be seen. Mr Gubbay, suspecting his servants, had both of them arrested. A detective examined the house but could see nothing to suggest that it had been burglariously entered by anyone. The two servants were charged with the theft this . morning before Mr Pollock. His Worship, arrival in Ponape, one-half of the cargo after hearing the evidence of Mr Gubbay was disposed of, and its room replaced by and Police Sergeant McDonald, discharged cocoanuts which cost 21 for 300. Among the second prisoner and remanded the boy, refusing to allow bail.

THE fire in Praya Central, the outbreak of which we referred to in Saturday evening's paper, was fortunately checked before it first body to be interred there. did much damage to the houses adjoining that in which it broke out. The house which has been gutted (No 46) was occupied in part by a bamboo and china-ware dealer, whose shop was in the ground floor, and who used the first floor as a store. The second and third floors were occupied by families. It was in the store referred to that the fire was first noticed, but its origin is as yet unknown. The contents of the shop and store were insured with Messrs Turner and Co. in August last for \$2000. The rapidity with which the fire progressed left the occupants of the upper floors but little time to make their escape, and this was the cause of several accidents that occurred, one of them resulting fatally. A woman who lived on the second floor, on finding that the house was on fire, took the youngest of her children, a boy, on her back, and, telling the others to follow, ran down stairs. On The Racing Stakes; a Sweepstakes of Tls. getting into the street she waited at the door for the others to come down, and while standing there a box which had been thrown from a verandah above struck the child on the head, fracturing the skull and causing death almost instantaneously. The poor woman was also struck with the box, but was not seriously hurt. About the same time, a girl who attempted to escape from the burning house fell from a stone ledge along which she was passing to No 45. She received only slight injuries.

Hongkong, August 25. 1885. MOORE'S GOGO SHAMPOO WASH.

THIS WASH HAS PROVED ITSELF TO BE THE BEST PREPARATION EVER PRE-SENTED TO THE PUBLIC.

THE Bases of this compound is made of Gogo Root. The natives of the Philippine Islands never use anything else for washing their hair; you never see them bald, and it is quite common to see the females with hair from 5 to 6 feet long. By using this SHAMPOO WASH as directed, you will never be bald. The Proprietor offers the Wash to the public, being entirely confident that by its restorative properties it will surely arrest decaying hair, completely eradicate scurf, dandruff, and cure all diseases of the scalp; it does not contain any poisonous drugs, but, by its cooling properties allays the itching and fever of the scalp.

Mr. Moone has succeeded in being able to put this Wash up in bottles without allowing it to ferment, and he will guarantee it to keep any length of time in any climate. CAMPBELL, MOORE & Co., Lad.,
